The **Recycling Roundup** is an opportunity for residents to responsibly dispose of a variety of materials, ensuring they are handled safely and sustainably.

Every household uses products in their home and garden that contain harmful chemicals. *Any container that cautions about careful use of the product or disposal of the container should be included in the Beyond-The-Bin Recycling Roundup.*

Materials brought to the Roundup should be kept in their original containers. Broken or cracked containers should be placed inside leak-proof packages and labelled. Jars or cans of unidentified chemicals can also be disposed of—simply take them to the Roundup and tell a staff member that you are unsure of the contents.

The following items will be accepted, however to reduce program costs, the preferred recycling locations are:

- Paint at the **Landfill or Recycling Depot**
- Used Oil, Containers, and Filters at the **Landfill**
